Nucleic Acids Res. (2006) **34**, 3677–3686

The authors apologize for an error in Equation (4) for the equality in P and H . The correct equation is given below.

$$\frac{2(c_i + ct_{ii})}{2(c_j + ct_{jj})} = \frac{c_i + ct_{ii} + ct_{ij}}{c_j + ct_{jj} + ct_{ji}}$$
